2	CP1.1T-2	able to apply quantitative measurement of the standard time in the real problems	C4						
3	CP1.1T-3	Able make at least 2 maps work. ELO1.1T3	C3						
4	CP1.1T-4	Able to apply qualitative standard time measurement in real trouble	C3						
5	CP1.1T-5	Able analyze a working method with analyze work activities in accordance element Gilbreth movement	C3	T E S 2	Assignment 2	EAS no 6	C3	2/1/'14 pk 9-00	Confirmity for ELO & Bloom 2/1/'14 pk 9-00 Not Conformity for timt
6	CP1.1T-6	Able to apply the synthesis time measurement to improve the system work.	C4						
7	CP1.1T-7	Able is applying time working in Operations Management.	C4						
8	CP1.1T-8	Able applying Statistics in Ergonomics	C4						

* Bloom level: C1: mentions, identify C2: explain, C3: apply, C4: analysis, C5: synthesis, C6: evaluation.

C= conformity, NC=Not Conformity

Note:

1. In the column 7, write that CP in column 1 there at about Tes1 number xx

2. In the Level bloom: Write a bloom level about whether or C3 or C4 C2 etc.

3. At the time of writing the column test time

4 In Colomn 10,write C if assessment accordance with the plan and write NC if not conform with the plan and date of inspection.
